

## CATTANEO ANNAMARIA

SCOPUS AUTHOR ID 55136377000, H Index: 30, Number of publications: 70

### EDUCATION

- 2009 PhD Degree in Molecular Genetics applied to Biomedical Sciences Genetic Department, School of Medicine, Univ. of Brescia, Brescia, Italy - Name of PhD Supervisor: Prof. Massimo Gennarelli.
- 2004 Degree in Pharmaceutical Biotechnology, Pharm.D, School of Pharmacy, Univ. of Milano, Milano, Italy.

### CURRENT POSITION(S)

- 2020 –to date Assistant Professor, Department of Pharmacological and Biomolecular Sciences University of Milan;
- 2016 –to date Head of the Biological Psychiatry Laboratory, IRCCS Fatebenefratelli Institute, Brescia, Italy;
- 2013 to date joint position as Researcher at the Dept. of Psychological Medicine, Institute of Psychiatry, King's College London.

### PREVIOUS POSITIONS

- 2015-16 Research Group Leader at the IRCCS Fatebenefratelli Institute, Brescia, Italy; joint position as Researcher at the Institute of Psychiatry, Dept. of Psychological Medicine, King's College London.
- 2013-14 Post-doc Researcher at the IRCCS San Giovanni di Dio, Fatebenefratelli Brescia, Italy; joint position as Researcher at the Dept. of Psychological Medicine, Institute of Psychiatry, King's College London.
- 2010-12 Post-doc Researcher, Department of Psychological Medicine, Institute of Psychiatry, King's College London.
- 2009-10 Post-doc Researcher, IRCCS Centre, Brescia, Italy.
- 2004-08 PhD Student, Dept. of Biomedical Sciences and Biotechnology, University of Brescia, Brescia, Italy.
- 2002-04 Undergraduate student at the Centre of Neuropharmacology, Dept. of Pharmacological Sciences, University of Milan, Italy.

### COMMISSIONS OF TRUST

- 2018 PhD reviewer, University of Verona;
- 2016-18 Review panel member, ERC grants;
- 2017-to date Scientific Advisory Board Panel, European College of Neuropsychopharmacology;
- 2016- to date International Scientific Advisory Board of the Swiss Consortium on the Gut Microbiota and Alzheimer's disease, University of Geneva, Switzerland;
- 2016- to date ECNP Scientific Committee, ECNP;
- 2016 Awards Scientific Committee Member, CINP.

### ON-GOING GRANTS

<i>Project Title</i>	<i>Funding source</i>	<i>Period</i>
Causative mechanisms & integrative models linking early-life-stress to psycho-cardio-metabolic multi-morbidity	H2020	2020-2023

Targeting inflammation in depression using minocycline: a patient stratification approach using peripheral inflammatory biomarkers, PET and MRI	Italian Ministry of Health	2019-2022
Optimizing response to Li treatment through personalized evaluations of individuals with bipolar I disorder: the R-Link Initiative	H2020	2018-2023
Gut Microbiota and host epigenome Interplay in Alzheimer's Disease	Alzheimer Association	2018-2020
Gut microbes, Neuroinflammation and Alzheimer's disease: determining the immunoregulatory role of gut microbiota on brain and behavior	COEN	2018-2021
Emotional Dysregulation in Adolescents: identification of clinical and biological risk factors	5X1000 to IRCCS	2016-2018

### COMPLETED GRANTS

<i>Project Title</i>	<i>Funding source</i>	<i>Period</i>	<i>Role of the PI</i>
Role of inflammation and related processes in the development, phenomenology and treatment of depression	ERANET NEURON	2015-18	Principal Investigator of Italian research Unit

**H Index= 30**

**She is author of more than 75 manuscripts, reaching an H index of 30. She has been also invited in several national and international congresses.**
